# BEVERAGE PACKAGES

For thousands of years, beer and wine have been staples of celebratory events. At Crafted Catering + Events, we're here to provide that same feeling of joy and relaxation you get after your first sip of a cold, refreshing beverage. Our journey started as Cocktail Gastronomy, shaking and making cocktails for everything from hen's nights to corporate events. Now, we're one of Perth's go-to beverage service suppliers, pouring fresh, cold beer at weddings, festivals, and more.

We know beverages of all kinds and have been perfecting our craft for years. When you hire us for your bar needs, we provide everything from elegant glassware to professional service staff. With Crafted, you can have confidence that your event will be delivered professionally and exceed your expectations.

We offer a variety of standard packages to choose from, but we're also extremely flexible and can customise a package to suit your tastes, theme, and budget. Whether you're hosting a corporate event or a 1st birthday party (for the moms, of course), we've got you covered. Let us elevate your event and provide a truly unique experience for you and your guests.
